

Frequently Asked Questions About Savvas Learning Company

1) Why has Pearson K12 Learning changed its name to Savvas Learning Company?

The public launch of our new brand name, Savvas Learning Company, marks the final stages of a rebranding initiative that began last spring

2) How is it pronounced?

It is pronounced: [/SAVəs/](#) "Sav" rhymes with "have" — "əs" rhymes with "us."

3) What is the meaning behind the Savvas name?

Savvas is lightly coined from the word "savvy" and is meant to suggest the practical know-how, comprehension, intelligence, and well-informed common sense we use when developing learning solutions that empower teachers and improve student outcomes. The creation of the name, especially as a palindrome — a word that reads the same backward as forward — also reflects who we are as a company: that we see things in different ways and are able to connect distinct elements to create something new.

4) What products will this impact?
